In accordance with the Protocols for Implementing and Reviewing Charges Established by the Attachment J Rate Formulas (the “Protocols”) of the Versant Power Open Access Transmission Tariff for Maine Public District (“MPD OATT”), Versant Power hereby submits these Second Responses to the First Informational Data Requests tendered by the Maine Public Utilities Commission (“MPUC”) on May 11, 2021 (hereinafter, the “Data Requests”).

Versant Power’s responses are based upon the best available information known to it as of the date of this response. Accordingly, Versant Power expressly reserves the right to raise any such additional objections, concerning both general and specific matters, at any time that they may later be identified.

Versant Power objects to the Data Requests to the extent that they seek information not in the possession or control of Versant Power, seek information in a form other than that in which Versant Power’s files and records are maintained, seek information or documents protected by an applicable privilege, doctrine, law, or rule, and/or require Versant Power to undertake new studies or analyses.
